

Highfield **Level 2** End-Point Assessment for **Large Goods Vehicle (LGV)** **Driver C and E**

Government funding band – **£7,000**

On-programme duration – minimum of **13 months**

Gateway requirements – **apprentices must have level 1 English and maths and have attempted level 2 and must hold a Category C+E licence**

End-point assessment method – **practical assessment, multiple-choice test and interview**

Working as a large goods vehicle (LGV) driver

LGV drivers drive in a safe and fuel-efficient manner, ensuring that the right products are delivered at the right time, location and temperature (if required), with the correct documentation and within the shortest lead times. They are responsible for maintaining the integrity of the load and vehicle by applying correct procedures for restraint, road, health and safety, and they may work within 1 or more subsectors, including shipping, removals, import/export, freight, hazardous goods and food.

LGV drivers communicate with a wide range of people and customers and strive to meet customers' expectations by providing a quality service that encourages repeat business, showing drive and energy even when challenges arise.

The programme's structure

Apprentices will be placed in a role over 13 months during which they will be supported while on-programme by their tutor. The tutor will review the progress of the apprentice against the standard to ensure they are prepared for the end-point assessment.

Your learner's journey

Ready for training

- Initial assessment
- English and maths training
- On-programme training to meet the requirements of the standard
- Gateway readiness self-assessment

Set for assessment on completion of training and functional skills

End-point assessment methods are:

Practical assessment

- 2-hour assessment including questions
- Covering practical ability to prepare, drive and control the vehicle in various on-road situations

Multiple-choice test

- 45-minute multiple-choice test
- Demonstrating the apprentice's knowledge

Interview

- 30-minute interview led by an independent assessor covering topics that may be difficult to see as part of a practical assessment

Go further

On completion of the apprenticeship, apprentices may wish to progress into other roles in the logistic industry.

Available support

On-programme support

- Delivery resources
- Qualification mapped to standard
- Tutor support resource
- Innovative and multi-device e-learning courses

End-point assessment support

- Gateway and mock assessments
- Bespoke end-point assessment solutions
- Progression tracking system
- Staff training, standardisation and support
