### Qualification overview and objective

The objective of this qualification is to support learners in a team leading role in the workplace, in any sector. The qualification forms the knowledge and competency requirements of the SASE Intermediate Apprenticeship in Team Leading however it can also be used on a stand-alone basis. It is aimed at learners who are new to team leading positions and will allow learners to develop their skills, knowledge and understanding of a team leading role, resulting in the achievement of a nationally recognised qualification.

Topics covered include leading and managing a team, managing personal and professional development, understanding business as well as a variety of units covering subjects in participating in a project, contributing to meetings and resolving customer service problems.

---

### Entry requirements

This qualification is approved for delivery to learners aged 16+.

It is advised that learners have a minimum of level 2 in literacy and numeracy before enrolling onto this course.

---

### Guidance on delivery

The total qualification time for this qualification is 400 and of this 201 are recommended as guided learning hours.

TQT is an estimate of the total number of hours it would take an average learner to achieve and demonstrate the necessary level of attainment to be awarded with a qualification, both under direct supervision (forming guided learning hours) and without supervision (all other time). TQT and GLH values are advisory and assigned to a qualification as guidance.

### Guidance on assessment

This qualification is assessed by portfolio of evidence which will be internally assessed and internally quality assured by the Centre. This qualification is graded pass/fail.

Suggested paperwork is available to download from the Highfield Qualifications website. If a Centre would like to use alternative paperwork, this must be sent to the External Quality Support team for approval.

All Assessment Criteria must be met and assessed in line with Skills CFA Assessment Strategy. Simulation may only be applied to the unit: Manage conflict within a team (K/506/1927).

Centres must take all reasonable steps to avoid any part of the assessment of a learner (including any internal quality assurance and invigilation) being undertaken by any person who has a personal interest in the result of the assessment.

---

### Guidance on quality assurance

Highfield Qualifications require centres to have in place a robust mechanism for internal quality assurance. Internal quality assurance must be completed by an appropriately qualified person and that person must not have been involved in any aspect of the delivery or assessment of the course they are quality assuring.

---

### Recognition of prior learning (RPL)

Centres may apply to use recognition of prior learning or prior achievement to reduce the amount of time spent in preparing the learner for assessment.

For further information on how centres can apply to use RPL as described above, please refer to the Recognition of Prior Learning (RPL) policy in the members' area of the Highfield website. This policy should be read in conjunction with this specification and all other relevant Highfield documentation.

---

### Assessor requirements

Highfield Qualifications requires nominated assessors for this qualification meet the following:

- have occupational experience in the qualification sector and in-depth technical understanding related to the qualifications for which they are assessing learners
- hold or be working towards a recognised assessing qualification, which could include any of the following:
  - Level 3 Award in Assessing Competence in the Work Environment
  - A1/A2
  - D32/D33
- maintain appropriate continued professional development for the subject area

### Internal quality assurance (IQA) requirements

- hold or be working towards a recognised internal quality assurance qualification, which could include any of the following:
  - Level 4 Award in the Internal Quality Assurance of Assessment Processes and Practice
  - D34
- maintain appropriate continued professional development for the subject area

### Countersigning strategy

While it is a minimum requirement for centres to have the appropriately qualified workforce in place, it is understood that centres may have new personnel who are working towards those requirements. During this period, centres are required to have a robust countersigning strategy in place that supports and validates unqualified assessment/quality assurance decisions, until the point where they meet the requirements as detailed above.

---

### Reasonable adjustments and special considerations

Highfield Qualifications has measures in place for learners who require additional support. Please refer to Highfield Qualifications' Reasonable Adjustments Policy for further information/guidance.

---

### ID requirements

It is the responsibility of the centre to have systems in place to ensure that the person taking an assessment is indeed the person they are claiming to be. All centres are therefore required to ensure that each learner's identification is checked before they undertake the assessment. Highfield Qualifications recommends the following as proof of a learner's identity:

- a valid passport (any nationality)
- a signed UK photocard driving licence
- a valid warrant card issued by HM forces or the police
- another photographic ID card, e.g. employee ID card, student ID card, travel card etc.

If a learner is unable to produce any of the forms of photographic identification listed above, a centre may accept another form of identification containing a signature, for example, a credit card. Identification by a third-party representative, such as a line manager, human resources manager or invigilator, will also be accepted.

**For more information on learner ID requirements, please refer to Highfield Qualifications' Core Manual.**
