Qualification overview and objective

The objective of these qualifications is to provide learners with an introduction to the health and social care environment and/or provide support in preparation for a role in health and social care. The content of these qualifications is designed to equip learners with essential knowledge that can be used in a health and social care environment.

The qualifications cover health and social care topics including duty of care, communication, equality and diversity, mental health awareness and personal development. There is also the option to include units relating to employability with these qualifications.

Entry requirements

Learners should be 14 or over and it is recommended that they have a good level of literacy (verbal and written) skills.

Geographical coverage

This qualification is suitable for delivery in England and Northern Ireland.

Guidance on delivery

The total qualification time (TQT) and recommended guided learning hours (GLH) for these qualifications are:

	TQT	GLH
Award	100	85
Certificate	240	200
Diploma	380	294

TQT is an estimate of the total number of hours it would take an average learner to achieve and demonstrate the necessary level of attainment to be awarded with a qualification, both under direct supervision (forming guided learning hours) and without supervision (all other time). TQT and GLH values are advisory and assigned to a qualification as guidance.

Guidance on assessment

These qualifications are assessed by a portfolio of evidence. Suggested paperwork is available to download from the members' area of the Highfield website.

Centres must take all reasonable steps to avoid any part of the assessment of a learner (including any internal quality assurance and invigilation) being undertaken by any person who has a personal interest in the result of the assessment.

Guidance on quality assurance

Highfield requires centres to have in place a robust mechanism for internal quality assurance of training delivery and internal assessment processes. Internal quality assurance must be completed by an appropriately qualified person and that person must not have been involved in any aspect of

[Return to Contents](#)

the delivery or assessment of the course they are quality assuring. Highfield will support centres by conducting ongoing engagements to ensure and verify the effective and efficient delivery of the qualification.

Recognition of prior learning (RPL)

Centres may apply to use recognition of prior learning or prior achievement to reduce the amount of time spent in preparing the learner for assessment. For further information on how centres can apply to use RPL as described above, please refer to the Recognition of Prior Learning (RPL) policy in the members' area of the Highfield Qualifications website. This policy should be read in conjunction with this specification and all other relevant Highfield Qualifications documentation.

Assessor requirements

Highfield Qualifications requires nominated assessors for this qualification to meet the following:

- have relevant subject area experience
 - hold or be working towards a recognised assessing qualification, which could include any of the following:
 - Level 3 Award in Assessing Competence in the Work Environment, or
 - Level 3 Certificate in Assessing Vocational Achievement, or
 - A1 Assess Learner Performance Using a Range of Methods, or
 - D32 Assess Learner Performance and D33 Assess Learner Using Different Sources of Evidence.
 - maintain appropriate continued professional development for the subject area
-

Internal quality assurance (IQA) requirements

This qualification is assessed and Internally Quality Assured. The IQA must:

- be occupationally knowledgeable in relation to the learning outcomes
 - hold or be working towards an IQA qualification, such as:
 - Highfield Level 4 Award in the Internal Quality Assurance of Assessment Processes and Practice (RQF), or
 - Highfield Level 4 Certificate in Leading the Internal Quality Assurance of Assessment Processes and Practice (RQF), or
 - D34 or V1 Verifier Awards
-

Countersigning strategy

While it is a minimum requirement for centres to have the appropriately qualified workforce in place, it is understood that centres may have new personnel who are working towards those requirements. During this period, centres are required to have a robust countersigning strategy in place that supports and validates unqualified assessment/quality assurance decisions, until the point where they meet the requirements as detailed above.

Reasonable adjustments and special considerations

Highfield Qualifications has measures in place for learners who require additional support. Please refer to Highfield Qualifications' Reasonable Adjustments Policy for further information/guidance.

[Return to Contents](#)

ID requirements

It is the responsibility of the centre to have systems in place to ensure that the person taking an assessment is indeed the person they are claiming to be. All centres are therefore required to ensure that each learner's identification is checked before they undertake the assessment. Highfield Qualifications recommends the following as proof of a learner's identity:

- a valid passport (any nationality)
- a signed UK photocard driving licence
- a valid warrant card issued by HM forces or the police
- another photographic ID card, e.g. employee ID card, student ID card, travel card, etc.

If a learner is unable to produce any of the forms of photographic identification listed above, a centre may accept another form of identification containing a signature, for example, a credit card. Identification by a third-party representative, such as a line manager, human resources manager or invigilator, will also be accepted.

For more information on learner ID requirements, please refer to Highfield Qualifications' Core Manual.

Progression opportunities

On successful completion of this qualification, learners may wish to continue their development by undertaking one of the following qualifications:

- Highfield Level 2 Certificate in Preparing to Work in Adult Care (RQF)
- Highfield Level 2 Diploma in Care (RQF)
- Highfield Level 2 Award in Awareness of Dementia (RQF)
- Highfield Level 2 Certificate in Introduction to Autistic Spectrum Conditions (RQF)
