COSHH

Highfield Level 2 International Award in The Control of Substances Hazardous to Health (COSHH)

The **Level 2 International Award in Control of Substances Hazardous to Health** is a qualification suitable for anyone working in areas such as manufacturing, cleaning, healthcare, transport and office environments, who may come into contact with hazardous substances.

This qualification is designed to give learners the knowledge, skills and understanding to recognise the risks and control measures when dealing with substances hazardous to health. Topics covered include how risk assessments support the safe use of hazardous substances and the effects of exposure to hazardous substances.

How long will it take me to achieve this qualification?

This qualification is usually achieved by taking a one-day (5 hours) classroom-based course.

How is the qualification assessed?

This qualification is assessed by the following method:

1. Multiple Choice Question Paper

What next?

Individuals achieving this qualification can then progress onto:

- Highfield Level 2 Award in Health and Safety in the Workplace (QCF)
- Highfield Level 2 International Award in Risk Assessment (QCF)

Where can this course be taken?

Through any Highfield approved training centre.
