Guidance on assessment

Unit 1 – Principles of Food Safety for Catering: this unit is assessed through multiple-choice examination, externally set and marked by Highfield Qualifications.

Learners must complete 20 questions within 45 minutes, and successful learners will need to achieve a mark of 66% (13/20) overall to pass. Completed examination papers should be returned to Highfield for marking and results will then be supplied to the centre afterwards.

Unit 2 – Health and Safety within the workplace: this unit is assessed through multiple-choice examination, externally set and marked by Highfield Qualifications. Completed examination papers should be returned to Highfield for marking and results will then be supplied to the centre afterwards.

All other units: all other units in this qualification are assessed through the completion of a portfolio of evidence that will also be internally assessed and internally quality assured by the centre. A portfolio of evidence gives centres flexibility in how individual assessment criteria are assessed, and Highfield Qualifications promotes holistic assessment. Further guidance on minimum evidence requirements (range) is also included for each unit. Suggested assessment paperwork is available from the Download Area of the Highfield Qualifications website.

Learners must achieve all of the pass criteria across all units not assessed by multiple-choice questions (MCQ), in order to be awarded a Pass.

Centres must take all reasonable steps to avoid any part of the assessment of a learner (including any internal quality assurance and invigilation) being undertaken by any person who has a personal interest in the result of the assessment.

Guidance on quality assurance

Highfield Qualifications requires centres to have in place a robust mechanism for internal quality assurance. Internal quality assurance must be completed by an appropriately qualified person and that person must not have been involved in any aspect of the delivery or assessment of the course they are quality assuring.

Highfield Qualifications will support centres by conducting ongoing engagements to ensure and verify the effective and efficient delivery of the qualification.

Recognition of prior learning (RPL)

For further information on how centres can apply to use RPL as described above, please refer to the [Recognition of Prior Learning \(RPL\) Policy](#)

Portfolio of evidence

Please refer to the Learner Pack (which is available for centres to download from the Highfield Qualifications website) for information to help learners compile and keep track of evidence to support the successful completion of the qualification.

Assessors must ensure that the learner’s portfolio sufficiently covers all learning outcomes and assessment criteria as defined in each unit of the qualification.

The evidence that is collected to make up the portfolio will be in a variety of formats. Assessors are responsible for ensuring learners compile their portfolio correctly, by gathering evidence for each unit that is both adequate and suitable for the requirements of the unit/qualification.

Suggested types of evidence for this qualification include the following:

- observation
- questions
- products of work
- professional discussion
- witness testimonies
- learning logs
- video or audio recordings
- recipe/assessment log

Please see below a screenshot of the Evidence Tracking sheet that can be found in the Learner Pack that should be used to support the successful completion of the qualification.
