Highfield Level 3 International Award in Health and Safety in the Workplace

Accidents and injuries in the workplace cost businesses and the wider economy billions every year. Health and safety in the workplace has the potential to save your business significant sums of money.

What is the objective of this qualification?

To provide learners who are already working in the capacity of supervisor, manager or team leader, or those who are preparing to start work at this level with an understanding of key health and safety topics.

These include:

- the requirements of health, safety and welfare
- the benefits of a health and safety management system
- the risks and control methods for common workplace hazards
- the principles of risk assessment and incident investigation

How long will it take me to achieve this qualification?

This qualification can be delivered over 18 hours.

What are the tutor requirements to deliver this qualification?

Tutors must hold a relevant subject area qualification and/or experience, as well as a relevant teaching qualification and/or experience.

How is the qualification assessed?

This qualification is assessed through an end-of-course multiple choice examination. The examination contains 45 questions that must be completed within 90 minutes.

Successful learners must achieve a score of at least 30 out of 45 (66%). Learners will achieve a Distinction at 36 out of 45 (80%).
